# **TRADE FAIR REPORT: EUROMOLD and VISION**

Report for:  
XXXXX,  
XXXXXXXX

# INDEX

1. EuroMold	1
1.1. Overview and statistical information	1
- Description of the trade fair	1
- Statistical information about the exhibitors	1
- Statistical information about industrial areas	2
- Statistical information about the visitors	2
1.2. Tendencies in the fields of 3D measurement	3
- Non-contact 3D measurement systems	3
- Hand-held scanning systems	3
- Industrial applications	3
- Customized solutions	3
- 3D visualization technologies	3
1.3. News and interesting products related to 3D measurement	3
- Industrial 3D measurement systems	3
- Hand-held and hand-operated scanning systems	4
- Integration of different technologies	5
- 3D post processing software	7
- Customized 3D scanning solutions	8
- Fringe projection scanning systems	8
- 3D visualization	9
1.4. Final remarks	10
2. Vision	11
1.1. Overview and statistical information	11
- Description of the trade fair	11
- Statistical information about the exhibitors and visitors	11
1.2. Tendencies in the fields of 3D measurement	12
- Smart cameras and 3D scanning	12
- 3D laser profilers	12
- Software libraries and SDKs	12
1.3. Relevant companies and interesting products	13
- 3D profilers with smart cameras	13
- Software libraries and software development toolkits	14
- 3D surface measurement systems	16
- Other 3D systems	18
1.4. Final remarks	20
